# ABOUT US

Baboquivari High School is a member public school district of the Pima Joint Technical Education District (Pima JTED).

Pima JTED is a public Career and Technical Education District that provides CTE programs to approximately 22,000 10th through 12th grade students, who are enrolled in public, private, charter, and homeschools.

We are proud to offer 6 CTE programs at BHS!

# OUR PROGRAMS

## ► AgriScience

Prepares students an overview of the fields of agricultural science, animal science, plant science, and soil science; animal husbandry, soil conservation, and agriculture operations such as farming, ranching, agricultural business, and natural resources.

## ► Automotive Technologies

Prepares individuals to apply technical knowledge and skills to repair, service, and maintain all types of automobiles.

## ► Culinary Arts

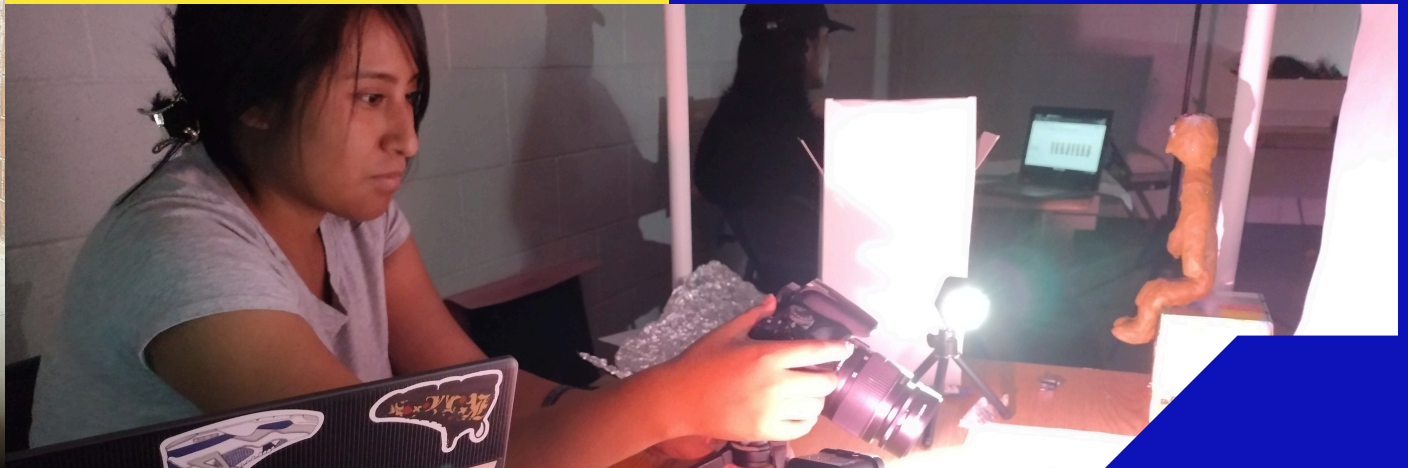

Prepares students to apply technical knowledge and skills required for food production and service occupations in commercial foodservice establishments.

## ► Digital Communication

Prepares students to gather, process, and deliver news through a variety of print and online formats, including newspapers, magazines, journals, annual publications, weblogs (blogs), and other traditional and new media platforms.

## ► Digital Photography

Prepares students to use technical expertise, creativity, and composition skills to produce and preserve images that communicate information, convey ideas, moods and feelings, tell a story, or record an event.

# WHY CTE?

## Earn Industry Certifications

As student progress through the program's course sequence, there are opportunities for students to earn industry certifications to increase employment opportunities.

## Hands-On Work Experience

The lab components of each CTE course gives students an opportunity to practice the skills they learn in class through project-based learning.

## Get a Jumpstart on Careers

Students are able to explore career opportunities and build relationships through our collaboration with industry partners.
